Oblique outdoor collection

by **NUMEN / FOR USE**

When designing the **Oblique** family of products, we wanted to ensure a quality sitting experience for the user in a real soft easy chair, but within minimal dimensions. It is these requirements that have created the recognizable profile of this set of chairs. The profile underlines two triangular prisms. They ensure the greatest thickness of the foam on the major points of support for the body when sitting: the back side of the seat and the lumbar zone of the backrest. The narrowed plane where the volume from the seat blends into the backrest improves the ergonomics, but also allows for the elasticity of the backrest. The top of the legs has a rectangular cross-section, but becomes increasingly thin towards the bottom, turning ultimately into a triangular base. This way, we have reduced the robustness of the wooden profiles of the structure and have given the design a geometric expressive and contemporary character. We have perfected the products through time, offering, in addition to the wooden leg structure, an alternative metal version that also includes an armrest. The Oblique family also comprises a larger dining table and low tables.

SPECIFICATIONS AND TECHNICAL DRAWING

SHELL	moulded foam, metal frame, elastic webbing
BASE	Ø12 / Ø20 / Ø25 mm + powder coating
ARMRESTS	solid wood + outdoor oil
UPHOLSTERY	waterproof fabric

EASY CHAIR METAL
dimensions 67 × 71 × 77 cm

CHAIR METAL
dimensions 63 × 59 × 91 cm

CHAIR METAL LEGS
dimensions 53 × 58 × 91 cm

EASY CHAIR CANTILEVER
dimensions 66 × 71 × 79 cm

CHAIR SLED BASE
dimensions 55 × 58 × 91 cm

CHAIR CANTILEVER
dimensions 60 × 59 × 91 cm

EASY CHAIR CANTILEVER WITH ARMRESTS
dimensions 66 × 71 × 79 cm

CHAIR SLED BASE WITH ARMRESTS
dimensions 58 × 58 × 91 cm

CHAIR CANTILEVER WITH ARMRESTS
dimensions 60 × 59 × 91 cm
